

Magic On Hold® Sonorous Model 1

Overview

The Sonorous Model 1 is a state-of-the-art digital audio recording and playback device designed to provide a continuous-play audio source for message-on-hold, background music, or any other audio application where high-quality audio playback is required. The audio program is loaded from a CD with standard MP3 files onto high-density flash memory using a pure digital-to-digital file transfer. After loading audio, the CD can be removed and audio plays from the 8Ω or 600Ω RCA output jack.

The Sonorous has a base memory of 64 minutes which can be used for message-on-hold or shorter message applications. If longer memory capacities are required, The Sonorous is available with up to 34 hours of message storage.

Features

- 64 minutes base memory (32Kbps)
- CD autoloads standard MP3 files
- Playback of single or multiple MP3 files
- Supported bit-rates up to 128Kbps
- Supported sample rates up to 48KHz
- Industry standard CD-ROM drive
- LED status indicator
- Extruded aluminum & steel construction
- Exceptional dealer support
- Material Code 700345077

Made in the USA

Programming

A single custom production (407556224) is typically 4 minutes in duration and contains 5 different messages highlighting important information about your products, service, company history, company benefits, and more. You may choose one of the available male or female voice talents, as well as selections from the extensive music library at www.magic-on-hold.com. If you require a longer production or more messages, please consult with your sales representative for more information. See reverse for custom program packages.

Technical

Encoding.....MPEG (.mp3)
 Frequency Response.....20Hz to 20KHz (depending on sample rate)
 Bit Rate.....8K to 128Kbps
 Sample Rate.....16KHz to 48KHz
 Signal-to-noise..... >100dB
 File Compression.....6:1 to 96:1
 Memory Type.....High-density FLASH
 Memory Capacity.....64 minutes @ 32Kbps (base)
 Message Capacity.....Up to 500 messages
 Message Loading.....CD using built-in CD-ROM
 Message Playback.....Continuous or shuffle (optional)
 Power Supply.....110VAC 60Hz to 15VDC @ 1.67A
 Audio Output.....Mono RCA jack adjustable volume control
 Impedance.....6V p-p @ 8Ω or 3V p-p @ 600Ω
 Size.....2.25" x 7.50" x 8.75" (H x W x D)
 Color.....Black
 Shipping Weight.....5 pounds
